CONSENT TO HEALTH INFORMATION EXCHANGE

Billerica Medical participates in Health Information Exchanges (HIE) which are secure computer networks that allow participating health care insurance providers nationwide to access information about you so that each provider has a complete picture of your health. Patient participation is intended to enhance coordination of care among multiple providers and may avoid the need for you to undergo duplicate tests. The information that may be provided to an information exchange includes both your medical and demographic information.

By my signature below, I hereby confirm that I have been provided written information about the Health Information Exchanges and all of my questions have been answered to my satisfaction.
